CT LTC -MAP Members,

THIS IS A DRILL

You are receiving this e-mail regarding the exercise currently underway.

One of the Resident Accepting Facilities (RAFs) is asking how you plan to provide them with access to Electronic Medical Records (EMR) of the resident(s) you are evacuating to their facility.

Please review this with your leadership team and detail in the space below how you would provide the Medical Records to the Resident Accepting Facilities (RAFs).

Upon completion of today's exercises, please send your response to our office. Please click **Uploading Instructions** for further details.
