Experience/Capability	VISTA has provided Physician and Nurse Practitioner staffing services nationwide since 1990. We can provide full-time, part-time and long-term coverage for your facilities in NH. We have the capability to provide over 15 providers at one location as soon as the facility requires them. We understand the length of time required for Federal Background checks and facility clearance and pass that knowledge along to all providers so there is no concerns with delays in the process. VISTA mentors with small minority, veteran, and Indian owned business to help them obtain and manage contracts in the government space which may be particularly challenging for them financially.

VISTA Staffing Solutions understands attracting high-quality clinicians to work in the Federal Correction facilities can be a challenge anytime. And we have seen first-hand how the current environment of COVID-19 has added a new layer of challenge for many of our government partners. VISTA has the experience and capability to provide continuous coverage for you as well as the ability to rapidly increase the number of providers if the current crisis requires it. VISTA is currently providing these services for:

Georgia Correctional Health Care

Primary Care/Urgent Care locums coverage: 7/2015 – present
 Provides Physicians, Physician assistants and Nurse practitioners for various prisons and detention centers across the state of Georgia. Over 50 medical professionals have provided quality coverage through VISTA due to COVID surges.

- Length of shifts: 8-12 hours depending on facilities assigned

VISTA CAN provide Nurse Practitioners, Physician assistants and Physicians at this time who are available for these shifts.

- Duration of assignments: minimum 2 weeks, likely much longer to 30 days +

VISTA CAN provide Nurse Practitioners, Physician assistants and Physicians at this time who are available for this duration. Our minimum is 7 days.

- Availability: immediate

VISTA CAN provide Nurse Practitioners, Physician assistants and Physicians at this time who are immediately available for these services once privileges are granted.

- Would be helpful to know availability/deployability/responsiveness time how quickly can they get on site, once the State will execute a contract?

Currently for the COVID crisis we are utilizing a rapid response task force to recruit providers. CV's are submitted for approval within 24hrs of request for your review. If acceptable, credentialing materials, and applications are completed within 3-5 days. If candidate cannot complete something online (ex. Copies or fingerprinting), VISTA uses next day Fed Ex at our expense to complete the process.

o Also, where in the country will the personnel be coming from (since it might matter for NH's state entry requirements)

VISTA has to recruit nationwide for these services. Local providers are typically already assisting their communities as much as they can. VISTA bills one low all-inclusive rate for services that includes provider pay, malpractice insurance, and any travel and housing costs. We have an in-house travel department, in-house licensing department, and in-house credentialing department to make these logistics run smoothly.
