Are you new to your facility? Do you know about the Rhode Island Long Term Care Mutual Aid Plan or need a refresher?

The training session will include:

- A “30K-foot view” of LTC-MAP and a brief review of Incident Management (e.g., the Nursing Home Incident Command System and its purpose and use)
- A more focused review of the LTC-MAP software (e.g., how to do emergency reporting, transportation surveys, update contacts, etc.)
- Scenario-driven practice of core LTC-MAP activities and processes
