NHSN COVID-19 Vaccination Module

- CT DPH highly recommends using the NHSN vaccination module.
- The benefits of the NHSN COVID-19 Vaccination Module:
  - Facilities can use the data to obtain a better picture of COVID-19 vaccination at their facility
    - Monitor vaccination trends over time
    - Identify HCP groups with lower vaccination rates
    - Improve vaccination tracking
  - Data from the HCP Vaccination module can inform decision-making at the state and federal level
    - Data can be used to inform various public health emergency response activities and support.

Tip of Week – continue testing staff weekly

- Continue to test staff weekly regardless of your **facility's outbreak status**, **county positivity** and **staff's vaccination status.**

- CT DPH is actively monitoring LTCF outbreaks and community transmission rates and will reevaluate staff testing strategy in the coming weeks.
