

SAVE THE DATE: Final 2021 Mutual Aid Education / Exercise

Our final virtual event for 2021 will focus on eFINDS. First, we will kick-off with an emergency reporting exercise utilizing the new web-based emergency reporting system. We will then roll into a hands-on eFINDS education session provided by the Finger Lakes Regional Training Center (FLRTC). The entire program will be conducted via Microsoft Teams.

The FLRTC created a brief video that explains how you and your team can prepare for the session prior to this exercise. **Please take a moment to watch the video.**

Actions needed prior to the session:

- **WATCH** Video: [eFINDSv3.0 FLRTC Training Requirements - How to Come Prepared For Class](#)
- **TEST** Access and Login: [Health Commerce System](#)
- **PRINT** Handouts: [eFINDSv3.0 FLRTC BASIC Training for LTC MAP Handouts- 2 slides/page](#)
- **PRINT** eFINDS Barcodes: [Instructions for accessing/printing facility scannable barcodes](#)
You will only need one (1) **UNUSED** facility eFINDS training/demo barcode per participant (disregard the video instructions that ask for 10). If more than one person is attending from your facility, make sure each of you have a DIFFERENT barcode number. Barcodes are one time use only.
- **BORROW** a Barcode Scanner – Pull out your barcode scanner. This is optional. If you don't have access to a barcode scanner you can easily type the barcode number in the data field.
- **NOTIFY** the FLRTC if you have any questions or issues: [Anne D'Angelo & Eileen Spezio](#)
